Get Ready for Turbo-charged Pinball Action!

"Alien Crush" is a spellbinding video pinball game combining real, "turbo-charged" pinball action with tar-out alien graphics. Rack up a winning score as you discover all the twists, tricks and hidden bonuses inside the caverns of some of the most outlandish alien worlds you've ever seen. You control the ball speed, flippers, even "tilt" the board. Nothing can prepare you for this ultimate alien encounter!

Operating Controls

In Alien Crush, as in real pinball, you must use two flippers to keep a ball in play. The basic game controls are Button I and the Direction Key— these operate the flippers (Button I is also used to activate the plunger mechanism).

Button II allows you to shake the board and affect the roll of the ball. When you press this button, you'll be able to nudge the playfield just like a real pinball machine.

Ball speed and music are selected from the title screen.

Entry Get a ball in the Dead Bones Locks when the bonus multiplier is an even number.

Entry Get a ball in Dead Bones Lock 2 when the bonus multiplier factor is an odd number.

Goal Destroy the centipede heads and body parts.

Entry Get a ball into Dead Bones Lock 3 when the bonus multiplier is an even number.

Goal Destroy all the aliens. Aim for the small aliens that circle the big aliens before destroying the bosses.

Playing Tips

Winning extra balls and accumulating bonus points are decisive factors in achieving high scores!

One of the keys to high scoring are the bonus accumulators in the upper and lower screens. When the multipliers and the standard points have been increased, you can easily score big points.

For the upper screen bonus, it's a good idea to concentrate on accumulating balls in the upper gate. For the lower screen, knocking out the left and right targets is a good technique.

Also, you win an extra ball when the bonus lamp is lit, and you complete a bonus round.

1 Don't miss the last chance! After the last ball is gone, there is a number-match game that awards an extra ball—if it matches the last three digits of the score, you win an extra ball.

2 Scoring and Name Registration. If your score is one of the top five, the screen appears and you are allowed to enter your name. Use the direction key to select the desired letters and enter them with Button I (use Button II to cancel out entries).

Ending the Game

The game is over when no more balls are left.
